

C Newk. NJ forwarded
Mr. 1984

Dear Friend:

My name is Mary E. Willis. I'm running hard to be elected to the Newark Board of Education, April 3, 1984. I am a life long resident of Newark, New Jersey, and attended its public schools as well as Newark University (now Rutgers University). My two daughters were educated in Newark public schools, and I have raised a strong voice in the community and before the Board of Education demanding a thorough and efficient education for all children.

I was one of the founders of the Newark Day Care Council and the Springfield Avenue Community School where I served as its developer and executive director.

In Newark, I have served as consultant to many educational programs including Title I (Chapter I) and Follow-Through. I sit on several community boards, including Newark Pre-School Council, Emanuel Day Care Center Inc., and the Sunshine Club of Newark and Friends.

As a member of the Newark Board of Education I will continue my strong advocacy for the children of Newark, and use my strength and experience to work with parents and community to develop cooperative programs with the Board of Education

I remain committed to Newark; its institutions and its people.

Sincerely,

Mary Willis
